Save High Lawyer and Consultant Fees with Our Stepby-Step Underground Guide to Franchising

Our underground guide to easy franchising contains the step-by-step procedures and methodologies used by the pros to get the greatest business expansion.

This guide was written by William Taylor, a senior franchising advisor and FranZoom's CEO. This guide contains valuable information that will save you, as a business owner, thousands of dollars and will help you understand how to create a successful franchising business model.

1. Gives you **FULL** protection from lawsuits

What is the successful franchising business model this guide will teach you?

- 2. Simple to handle and manage franchising model
- 3. Inexpensive: Save on attorney fees using prewritten templates, save on franchise marketing -
- DIY, save on training programs DIY This guide is built on years of experience of individuals who have franchised their existing

business and omits all the "fluff" and legal jargon that many people may not understand when it comes

to franchising. It breaks down franchising and gives you all the necessary tools and knowledge needed to franchise your business successfully.

Did you know?

EXTREMELY HIGHLY motivated managers?

The key benefit of every franchise is that it has

These are people who have invested their life savings and this gives them higher motivation than regular

managers hired to do the job. Franchise unit manager would be dedicated to do the job right and to make sure their unit runs well and delivers the results required results.

How many times have you been to a store and somebody gives you a wave, "oh, we are closed now, see you later"? that does not happen at a franchise. How many times have you had an employee that does

What if you are the unit manager and not the business owner? That kind of stuff happens all the time in regular business but that does not happen at a franchise!

not perform well, but "they are okay" and you do not want to

fire him as they are your friend, etc?
